PROFESSIONAL SUMMARY

Motivated and detail-oriented aspiring Fullstack Developer with hands-on experience in building responsive, user-friendly web applications using HTML, CSS, Tailwind CSS, and JavaScript. Proficient in version control with Git and GitHub. Passionate about creating impactful digital experiences and continuously learning modern web technologies. Seeking opportunities to contribute to innovative development teams while growing technical expertise.

TECHNICAL SKILLS

Frontend:	HTML5, CSS3, Tailwind CSS, JavaScript (ES6+), Responsive Design, Flexbox, CSS Grid
Version Control:	Git, GitHub, Branching & Merging, Pull Requests, Code Reviews
Tools:	VS Code, Chrome DevTools, Figma (Basic), npm
Soft Skills:	Problem Solving, Team Collaboration, Time Management, Continuous Learning, Communication

PROJECTS

Personal Portfolio Website | 2026

Technologies: HTML5, CSS3, Responsive Design

- Designed and developed a fully responsive, multi-page portfolio website to showcase skills and projects
- Implemented modern CSS techniques including Flexbox, Grid, animations, and transitions
- Created a cohesive dark theme with vibrant accent colors for visual appeal
- Ensured cross-browser compatibility and mobile-first responsive design

Interactive Todo List Application | 2026

Technologies: JavaScript, DOM Manipulation, LocalStorage

- Built a feature-rich todo app with CRUD operations, filtering, and priority levels
- Implemented persistent data storage using browser LocalStorage API
- Added keyboard shortcuts and accessibility features for enhanced usability
- Designed a clean, intuitive UI with smooth animations and transitions

Weather Dashboard | 2026

Technologies: JavaScript, REST API, Async/Await

- Developed a real-time weather dashboard integrating OpenWeatherMap API
- Implemented city search, current conditions, and 5-day forecast displays
- Handled API errors gracefully with user-friendly loading states
- Added geolocation support for automatic local weather detection

Product Landing Page | 2026

Technologies: HTML5, CSS3, UI/UX Design

- Created a conversion-focused landing page with compelling call-to-action sections
- Designed feature highlights and trust-building elements for user engagement
- Optimized layout using CSS Grid and Flexbox for responsive behavior
- Tested across multiple devices to ensure consistent user experience

EDUCATION

Fullstack Development Training Program

Intensive Hands-On Web Development Bootcamp | 2025 - 2026

CERTIFICATIONS

- ✓ Fullstack Web Development Certification - Completed intensive training with hands-on projects
- ✓ Responsive Web Design Certification - Mastered mobile-first and adaptive design principles
- ✓ JavaScript Algorithms and Data Structures - Strong foundation in problem-solving and logic

ACHIEVEMENTS

- Built and deployed multiple responsive web applications using modern frameworks
- Proficient in Git version control and collaborative development workflows
- Developed strong problem-solving skills through algorithmic challenges and real-world projects
- Actively contributing to developer communities and mentoring fellow learners
- Created an ATS-compliant resume and professional portfolio showcasing technical work
